DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Saturday, 26 February 2022 at 05:32 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Strong southerly winds are forecast to develop across the UK through Saturday. These are expected to ensure that air pollution levels remain Low

Tomorrow: Low levels of air pollution are expected to continue on Sunday.

Outlook: Low air pollution is currently forecast to persist across the UK. Although the potential development of any fog patches early on Wednesday could lead to isolated slightly elevated levels.
